

Need to report a problem to the City? Here are two easy ways.

USE THE SHAWNEE CONNECT APP.

It's free for your phone or tablet.

Search for it in the Google Play (Android) or Apple App store (iPhone). It's easy to use and does everything the website can do. You'll get an immediate confirmation and someone from the city will respond to you within 48 hours. I've used it and it really works!

USE THE ONLINE SERVICE REQUEST FORM

This link will take you directly to the form on the city's web site: [Citizen Service Requests](#). All you have to do is to follow the instructions you'll see on the site.
